[Despatch Abstract.]

Industries - Sericulture - Seed Cocoons - Silk worm Layings prepared at Govt Grainages - Receipt and disposals during Oct' to Nov' 52 - Loss due to rejection etc - Write up - Sanctioned.

Department of Industries and Commerce.

From
Sri M.T.Raju, Bar-at-law, I.C.S.,
Director of Industries and Commerce,
'Mackays Gardens', Madras.6.

To
The Secretary to Government,
Development Department,
Fort St.George, Madras.9.

No.2641 D2/52 dated 20-3-1953.

UNDER SECRETARY 23 MAR 1953 DEVELOPMENT DEPARTMENT

Sub: Industries - Sericulture - Seed Cocoons - Receipt and disposals - during October and November 1952 - write off - sanction - requested.

As Government are aware, the Government Grainages at Kollegal are engaged in the preparation and distribution of disease free layings. The Local Race seed cocoons required for this purpose are being drawn from the Hosur seed areas where basic seeds are issued to the rearers well in advance in accordance with the estimated production of disease free layings in the grainages at Kollegal and the extent of demand for disease free layings in the months to come. It is also the practice to purchase all the seed cocoons produced in the seed areas at scheduled rates, so that the seed rearers who, in preference to the more remunerative line of rearing of cross breed silkworms take to rearing of indigenous worms on the advice of the Department, may be assured of a steady income and that the prices may be kept at a fair level. The programmes of production in the Government Grainages are being drawn up based on normal expected demand. However, on occasions, due to reasons beyond the control of the Sericultural Section such as unfavourable seasonal conditions etc, the demand for disease free layings slackens resulting in some loss to Government.

2. The Sericultural Expert has reported that it was programmed to prepare a quantity of 4,00,000 disease free layings in October and 3,11,000 during November 1952 and to procure 29,00,000 Local Race Seed Cocoons for the purpose from the Hosur seed areas. It is stated that October and November months (Thamagaddi Season) contribute the peak production period when the Kollegal taluk will usually have heavy rainfall and the pruned mulberry gardens receive the maximum aid for their proper growth. Hence the demand for silk worm seeds will be normally heavy during this period. Contrary to expectations, the seasonal conditions turned adverse due to the failure of monsoon during the above period in 1952 with the result that the programme of preparation of disease free layings which had been successfully kept up till September 1952 was upset during October and November 52 - vide statement enclosed. The Sericultural Expert has reported that inspite of the steps taken to minimise the loss to Government by curtailing the procurement of Cocoons produced in the seed areas, a quantity of 28,32,710 seed cocoons had to be purchased out of which only 23,35,075 cocoons could be utilised for seed purposes in the grainages and that the surplus quantity of 4,97,635 cocoons, costing Rs. 1,726-6-0 was sold for reeling purposes which fetched only a sum of Rs.1,110-5-0 thereby resulting in a loss of Rs.616-1-0 to Government.

3. The Sericultural Expert has also reported that during November 1952 out of Rs.1,42,030 cross-breed disease free layings prepared in the Government Grainages only a quantity of 1,10,797 disease free layings were sold and the remaining quantity of 31,233 layings costing Rs.1,249-6-0 at Rs.4/- per 100 had to be rejected for want of demand after the optimum period of refrigeration in the cold storage plant.

In this connection it may be recalled that under similar circumstances, Government were pleased to sanction the write off of a sum of Rs.2,212-4-0 in 1946-vide G.O.Ms.No.3106 Development dated 14-8-46.

4. In the circumstances explained above, I request that Government may be pleased to sanction the write off of a sum of Rs.1865-7-0 being loss to Government as indicated below:-

(i) Rs.616-1-0 being the difference in value of 4,97,635/- seed coooons purchased for Rs.1,726-6-0 and disposed off for Rs.1,110-5-0 by sale for reeling purposes; and

(ii) Rs.1,249-6-0 being the value of 31,233 corss-breed layings rejected for want of demand.

For Director of Industries and Commerce.

r.n.20.3.

Encl: One Statement.

Copy to the Sericultural Expert, Kollegal.

STATEMENT SHOWING THE PURCHASE AND DISPOSAL OF SEED COCOONS FROM APRIL TO DECEMBER 1952.
